II. SECONDARY TREATMENT DISCUSSION

Jacob reported that based on the last conversation regarding secondary treatment, we have gone back to the drawing board to look at additional options. He introduced the group from Aqua Engineering. Nick Graue, Bob Frchetti, and Cody Vavra gave a presentation and answered questions regarding secondary treatment which included the project overview and objectives, the basics of design with flow, loads, and treatment goals, a conceptual treatment system overview of the existing system, alternatives, and a proposed advanced treatment process. They also shared their opinion of construction costs. The presentation included lengthy discussion and questions by all.

III. FOR THE GOOD OF THE ORDER

Joe adjourned the meeting at 3:16 PM.
